ARENA THEATRE COMPANY

## Seeking Expressions of Interest from Artists

### ABOUT US

Arena Theatre Company has been a leading company making theatre for children and young people for over 50 years. Recently we relocated to Bendigo to make our home as the resident company at The Engine Room on View St.

Arena creates new, original performance works in a variety of forms. We are committed to working with local artists and are seeking expressions of interest from performers, writers, production designers, lighting designers, sound designers, composers, digital artists, production managers, stage managers, set builders, costume makers, photographers, and schools workshop facilitators. These are all paid positions, adhering to the Live Performance Award, and are project-based contracts. If you have the skills and the passion, we want to hear from you. Join us in making Arena an icon of the Bendigo Region's arts and cultural industries.

### KEY SELECTION CRITERIA

All artists working with Arena must demonstrate:

1. Experience in a professional performing arts environment
2. A strong understanding of the performing arts industry nationally
3. Long term availability and capacity to tour nationally and internationally, if required
4. A passion for creating theatre for young people

### CONTACT

Please email a copy of your CV and a covering letter which outlines your experience to date and addresses the key selection criteria to [info@arenatheatre.com.au](mailto:info@arenatheatre.com.au)
