Starchaser is a play by the Arena Theatre Company. Congratulations to Lally Katz on a beautiful story.

Starchaser is about a girl called Catta whose parents had died. She believed if she didn't cry her parents would come back to life. Catta has a young brother called Tommy who cried about his parents, so he couldn't go with Catta to chase the star Atlier. Catta went on an exciting adventure to find the star Atlier and bring her parents back to life.

I really enjoyed Starchaser, it was sad but also funny. It was like a book you couldn't put down, I was always wondering what would happen next. I learned that you have to live your life.

I enjoyed Starchaser and recommend it for ages 8+.
